

2020-2021 ECA Returning, Tester, Completer Student C.L.I.C.K.: Syllabus

ECA Returning Student C.L.I.C.K. Course: Character ~ Learning ~ Involvement ~ College ~ Knowledge

All returning ECA students are required to continue participating in ECA's CLICK program. The Returning Student CLICK course will appear on your ECA transcript every semester until you complete the program and will be included in your ECA course credit total and ECA grade point average (GPA).

Purpose: The purpose of this course is to provide returning ECA students with a variety of experiences to help create a thoughtful, well developed, post-ECA plan as well as maintain the necessary connections with ECA CORE Advisors and ECA Administration to ensure success during the EMU course experience.

Returning Student CLICK serves two key purposes.

- First, it will provide structure, focus, and adherence to the major school-wide activities that students are expected to engage in during their returning years in the program. These activities serve a common ECA administrative purpose (ie. Red Cards), seek to enhance connections among the entire ECA student body (ie. CORE Seminars), provide necessary learning opportunities for students as they make their post-ECA plans (ie. virtual career fairs, college planning meetings), or a combination (ie. MME activities).
- Second, it will enhance communication and follow-through between ECA Admin, counseling, CORE Advisors, students, and families by using Powerschool to track and report out student participation and compliance with the proposed school-wide activities.
